

CAN YOUR OLD GAS CAN!

WHY?

Your traditional gas can may not be airtight and may spill or leak gas during refills.

SO WHAT?

Spilled gas and gas vapors are harmful to YOUR HEALTH and the Environment. It all eventually ends up in our air, soil and water.

WHAT CAN I DO?

Bring your old **EMPTY** gas can and **EXCHANGE IT** for a **FREE** New 2.5 gallon Environmentally Friendly Container!

WHEN?

SATURDAY, SEPT. 10, 2005

10 AM – 12 NOON

WHILE SUPPLIES LAST!

WHERE?

**King David Convenience Center,
200 Echo Circle, Anderson, SC 29626**
